These loan terms are not guaranteed and are subject to our verification and review process. Applicants may be asked to provide additional documents to enable us to verify their income and their identity. For loans that charge interest, this rate includes an Autopay APR reduction of 0.5%. By enrolling in Autopay, borrowers' payments will be automatically deducted from their bank account. Selecting Autopay is optional. Subsequent charges and fees may increase the cost of the loan. There is no fee or penalty for repaying a loan early. For more information, applicants should refer to the applicable Borrower Agreement and TILA Disclosure.

Loans may be disbursed in one or more advances. These loan terms are estimates based on the assumption that the loan is disbursed in a single advance upon execution of the Borrower Agreement. Actual loan terms may vary depending on, among other things, the exact number of advances, the amount of each advance, and the date on which each advance will occur

*For example, under the promotional plan (i.e., no payments required and no interest charges for a 12 months promotional period beginning after we disburse the first advance), if a borrower receives a \$10,000 loan with a 10-year term and a 29.49% Annual Percentage Rate (APR) and the loan is disbursed in 2 advances (20% on Day 1 and 80% on Day 90), the borrower will have a required monthly payment of \$259.86 after the promotional period ends
